Mr. Karel Yasko  
Assistant Commissioner for  
Design and Construction  
Public Buildings Service  
Washington 25, D.C.

Dear Mr. Yasko:

Speaking for my colleagues as well as myself, I want to thank you for your visit to the Agency on 29 April to discuss the color design for the interior of the new building. All of us found the discussion stimulating.

We look forward to further discussions with you toward the end of the month at which time you indicated that you would have prepared an outline of the basic philosophy which, if adopted, would then guide a detailed engineering study for the color decoration of our building. Should your study require further visits by either yourself or Mr. Brown or any of your assistants, you will be most welcome. Arrangements can be made by calling the Chairman of our Fine Arts Commission, [redacted]

We fully understand that after your report, there is the possibility that it may be necessary to engage non-governmental contract assistance. The details of such a contract would be developed when the appropriate time arrived.

We are very pleased at the interest you have shown in our problems and feel that you can be of great assistance to us in working out solutions whether in the end any given task can best be carried out by your office or by outside contract assistance.

For your information, I am forwarding an identical letter to Mr. Brown.

Sincerely,
